What You Need to Provide

- A quiet space with a clear desk or table
- A stable broadband internet connection
- A laptop or desktop computer with a working microphone and webcam
- An up-to-date Chrome web browser is recommended.
- Install Zoom (<https://zoom.us/>), sign on and update before the exam
- Be sure you can share your screen.

Getting Your Testing Space Ready

- Close all other applications except your browser and Zoom.
- Disable any pop-ups or messages.
- Put all electronic devices such as cellphones in another room.
- You cannot wear an Apple Watch or other smart watch.
- Camera must clearly show your face and be able to display your ID documents.
- Test your camera at <http://zoom.com/test>

Final Checks Before Beginning Exam

- At the start of your exam session you will be asked to hold up your ID to the webcam.
- The VE's will ask for a SLOW 360-pan of your working space including the floor and ceiling.
- You will then be asked to share your screen and your computer will be checked.

Beginning the Exam

- You will be asked to go to <https://exam.tools/> on your browser.

JOIN SESSION

You Will Join the Exam Session

Your Exam Begins

- Your camera and microphone must remain active through the session.
- If you have any questions during the exam, simply ask them verbally and the VE team will address any technical concerns you may have.
- While taking the exam, the VEs will be on mute and have their cameras turned off to avoid causing any distractions. They will still be monitoring your session.

Element 2 - Technician exam

EXAM TOOLS DEVELOPMENT

1/35

Which of the following precautions should be taken when measuring high voltages with a voltmeter?

- A Ensure that the voltmeter has very low impedance
- B Ensure that the voltmeter and leads are rated for use at the voltages to be measured
- C Ensure that the circuit is grounded through the voltmeter
- D Ensure that the voltmeter is set to the correct frequency

You've Passed!

- When you have completed the exam the examiners will have you click the button to grade the exam.
- Your exam will be graded. You'll know the results immediately.
- You will be emailed a CSCE.
- The VEC uploads the results to the FCC's Electronic Batch Filing system.
- You should see the result the next business day.
- <http://wireless2.fcc.gov/UlsApp/UlsSearch/searchLicenses.jsp>

The screenshot displays the 'EXAM RESULTS' section of a web application. At the top, there are two tabs: 'APPLICATION' and 'EXAM RESULTS', with the latter being selected. The main content area has a green background and features the text 'You passed!' in white. Below this text is a white icon of a graduation cap. At the bottom of the green area, the score '34 / 35' is displayed in large white numbers. Below the green area, there are two buttons: a dark blue button with a white play icon and the text 'START GENERAL EXAM', and an orange button with a white document icon and the text 'FINISH AND SIGN FORMS'. At the very bottom of the page, there is a section titled 'Exam History'.
